Work Experience Program powered by Delta Careers.

George Gatsios
General Director,
Delta Institute

TRANSCRIPT

ΔELTA CAREERS

As part of the program, **Ivan Semenenko** completed the following components and was awarded the grades:

Component	Description	Weight	Cohort Mean	GRDE
Module I - Foundations of FinTech and STRIPE	In this module, students acted as FinTech innovators, gaining hands-on experience in designing and developing financial products. They applied the Product Development Lifecycle (PDLC) and Design Thinking to create user-centered, competitive solutions. Emphasizing iterative development, user empathy, and innovation, the module prepared students to turn ideas into real-world FinTech products and lead in the industry.	20%	83.96	**78.5**
Module II - Design and Development in FinTech	In this module, students learnt to design and develop FinTech products by exploring the Product Development Lifecycle (PDLC) and Design Thinking. They gained hands-on experience in creating user-centered solutions, focusing on iterative development, user empathy, and innovation. The module equipped students to bring competitive, compliant FinTech products to market, turning concepts into real-world solutions.	20%	84.10	**95**
Module III - Careers Toolkit	This module focused on key skills for career success, including networking, professional settings, and presentation skills. Students leart effective networking strategies and enhanced their ability to deliver impactful presentations. This module provided practical tools and resources to help students navigate professional environments and make a positive impression in their careers.	10%	79.18	**89**
Case Study	In the Case Study, student teams deep dived into a selected Stripe product, exploring its standout features and capabilities. They crafted strategic recommendations for a local business owner on how to effectively integrate this technology to streamline operations and boost customer engagement. This hands-on challenge offered a real-world opportunity to apply their FinTech knowledge and make a tangible impact.	50%	86	**82**
OVERALL			80.62	**84.6**
